

ST ANDREW'S SEXUAL BEHAVIOUR ASSESSMENT SCALE (SASBA SCALE)

Knight, Alderman, Johnson, Green, Birkett-Swan & Yorston, 2008

1. BEHAVIOURS

| | Verbal Comments VC | Non Contact NC | Exposure E | Touching Others TO |
|----------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| 1 | Intimate personal comments of mild severity, e.g. "Have you got a girlfriend?", "I love you", "You're gorgeous" | Blowing kisses, kissing self or staring at another persons groin, female breasts or buttocks, or makes obscene gesture | Appears unaware that is exposing genitals, female breasts or buttocks in a public setting | Touches for a prolonged period (excess of 2 seconds) or strokes another person – does not include groin, female breasts or buttocks |
| 2 | Comments of a sexual nature, clearly not person directed, e.g. "I've got a big dick" | Touches own groin, female breasts or buttocks over or under clothes (no exposure) | Wearing no clothes in a public setting, clearly not person directed | Kissing another person |
| 3 | Descriptions of another persons groin, female breasts or buttocks clearly directed to another person e.g. "You have a nice bottom", "She's got lovely breasts" | Masturbates in a non shared setting where staff are present (e.g. begins when staff enter bedroom or in bath) | Intentionally exposes genitals, female breasts or buttocks to another person (appears to be a deliberate premeditated behaviour) | Lifting skirts, pinching or touching buttocks, sitting on other's knee |
| 4 | Explicit accounts of sexual intent, requests or activity e.g. "Show me your knickers", "I want to shag you" | Masturbates without genitals being exposed in a public setting, including ward shared areas (e.g. dining room) | Masturbates with genitals being clearly exposed in a public setting, including ward shared areas (e.g. patient's lounge) | Touching others groin, female breasts, or rubbing own genitals or female's breast against another person |

2. ANTECEDENTS

| Set One Contributing Factors (coded 1-3) |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <ol style="list-style-type: none"> Structured activity Noisy environment Had epileptic fit in last 24 hrs |
| Set Two Observed directly before behaviour (Coded 11-25) |
| <ol style="list-style-type: none"> Given direct verbal prompt to comply with instruction Given verbal guidance/advice to assist completion of task/activity Given verbal/visual feedback about performance Direct response to other clients verbal behaviour Request specifically denied by other person Any other verbal interaction Physical guidance/facilitation to complete a task Direct response to other clients physically aggressive behaviour when directed at them Direct response to other clients physically aggressive behaviour when directed at another person During restraint Given item e.g. food/therapy materials Purposeful behaviour is ignored or "played down" by person to whom it is directed at Obviously agitated or distressed No obvious antecedent Other (please specify on the back of the recording form) |

3. INTERVENTIONS

| Set One Contributing Factors (coded 1-3) |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <ol style="list-style-type: none"> Behaviour ignored or "played down" completely Talking to patient including prompts Closer observation Holding Patient (physical restraint) Immediate medication given by mouth Immediate medication given by injection Isolation without seclusion Seclusion Activity distraction Injury requires immediate medical treatment for patient Injury requires immediate medical treatment for other Special programme Physical distraction (leading the patient away) Other (please specify on the back of the recording form) |

a) Masturbation = rubbing own genitals b) Bedrooms and bathrooms are non public/non-shared environments
c) Attempts to touch which are only prevented by staff intervention, should be rated as if contact occurred.
